o/c

Karachi, Dated: 18<sup>th</sup> January, 2022

Subject: CHARGE RELINQUISH REPORT FROM THE POST OF THE PROJECT DIRECTOR, KARACHI MOBILITY PROJECT, YELLOW LINE BRTS.

Pursuant to Notification No. NO.SOI(SGA&CD)-3/20/2019 dated: 17<sup>th</sup> January, 2022, issued by the Services, General Administration, Coordination Department, Government of Sindh, (copy attached) the undersigned, hereby relinquish charge from the post of the Project Director, (Project Management Team) Karachi Mobility Project, Yellow Line BRTS on this 18<sup>th</sup> day of January, 2022.

Taking the opportunity of the charge relinquishment, the undersigned, hereby submit a brief progress of the project. This project's loan was approved in November, 2019 with immediate effect. I was notified as a Project Director (PD) on 24<sup>th</sup> June, 2020. At that time, the procurement of consulting firm to prepare Detailed Design, Construction Supervision and provide Procurement Support services was already started through international bidding process. After my induction as PD the Consultant Selection Committee was modified and the process was sped up with the collaboration of the World Bank. After day and night work and with all hiccups & hindrances, specifically the acute staff shortage of SMTA, the consultant was procured and agreement was signed in September, 2021.

Meanwhile the six specialists i.e. Financial Management, Communication, Procurement & Contract Management, Gender, Social Development and Safety, Health, Environment & Quality specialists were recruited, on merit basis, from November, 2020 to March, 2021, as mandatory loan condition from the World Bank.

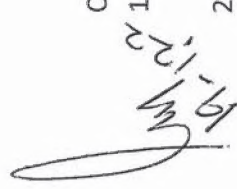

It is also pertinent to mention that during the loan negotiations, the implementation of the Yellow BRT project was decided to be carried out through Project Management Team (PMT) which would be based on the directorates of SMTA (Infrastructure, Administration, Finance and Bus Operations) and specialists and lead by the Project Director. Unfortunately, it remained the fate of the project that a lean team of two directors of SMTA (Infrastructure and Finance) assisted by six specialists have worked on it till today and have gone extra miles to bring this project so far. One of the most important aspects of the Karachi Mobility Project is capacity building of SMTA through on-job trainings and other means, but so far it is seen as a distant dream due to insufficient staff in SMTA.

73

It would be appropriate to mention here that during my tenure the World Bank has conducted missions and the project progress rating improved from "Moderately Unsatisfactory" to "Moderately Satisfactory" (<https://projects.worldbank.org/en/projects-operations/project-detail/P166732>). However, since December, 2021, the critical resources (Directorates of Infra and Finance) were re-assigned various works/projects of SMTA, resultantly the PMT's functionaries' focus shifted from this important project. The project specialists have worked satisfactorily as per their mandate, however, the part of work from directors of SMTA is yet to be done. It is also submitted that the SMTA's workforce has remained under staffed since day one especially in the area of Infrastructure, Bus Operations, Intelligent Transportation Systems and Finance etc. It is also stated, in the best interest of the SMTA, that the recruitment may be made on pure merit basis through competitive testing system and on emergent basis so that this mega project may be undertaken by the SMTA professionally as the other similar scale projects Red Line BRTS and Green Line BRTS have separate section 42 companies to execute the project like TransKarachi and SIDCL respectively.

I wish SMTA all the best in this journey of implementing mass transit program in SINDH and really look forward to its prosperous future.

**PROJECT.**

Dear Sir,

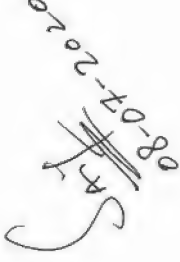

It is apprised that the undersigned has been posted as Project Director Yellow Line BRTS, under KUMP, at SMTA since 24.06.2020. As you are well aware that in order to carry out day to day affairs of the project and attend official meetings an official vehicle is a basic requirement. Non-availability of such facility to the officer not only hampers the progress of the project but causes serious mobility problems.

It is, therefore, requested that an official vehicle for the post of Project Director, BS-19 (along with POL) may be allotted so that official functions may be carried out smoothly in the better interest of public.
